"It is in fact a part of the function of education to help us escape - not from our own time, for we are bound by that - but from the intellectual and emotional limitations of our time." T.S. Eliot

"If you live in a state where you attain your legal majority while still in your teens, pretend that you don't. There isn't an adult alive who would want to be contractually bound by a decision he came to at the age of 19."

F. Lebowitz

"All these tidal gatherings, growth, and decay,
shining and darkening, are forever renewed; and
the whole cycle impenitently revolves, and all the
past is future."

Robinson Jeffers

Dedication

The graduating class of 1985 wishes to give a special thanks to our class advisor Mrs. Bridie Brown. Through the past four years she has guided us and has given us much encouragement. We have grown to be mature individuals and she has been a great friend to each and every one of us. Her hard work, guidance and warm smile will always be remembered and appreciated.

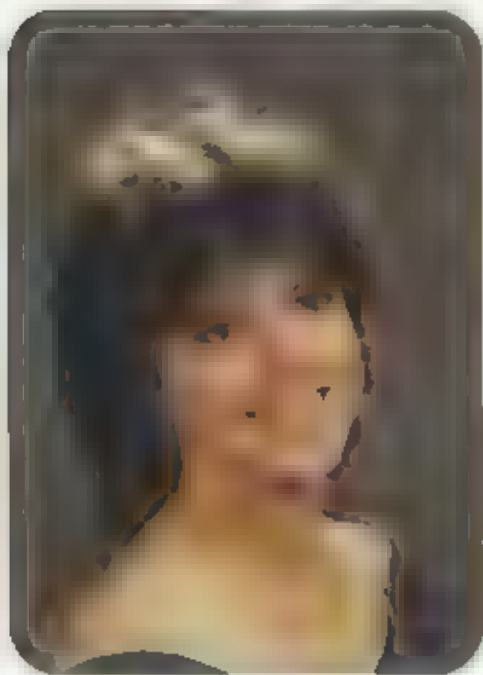

Appreciation

1985 brings to an end the remarkable teaching career of Mrs. Betty Murtuscello. She has been an English teacher at Marlboro for more than thirty years. We, the current Marlboro students, wish to express many of our parents' appreciation for Mrs. Murtuscello's great commitment as an education leader in our town. Her lively classes, class trips and her many activities she has organized are only part of her contribution to Marlboro. Her dedication, enthusiasm, humor and kindness have touched us all. We wish her a fulfilling, enjoyable and rewarding retirement. She will be dearly missed.
